Atlas is the world's largest direct employer of record (EOR), enabling compliant global expansion with white-glove human support backed by an advanced tech platform. We manage onboarding, payroll, and benefits in more than 160 countries.	Boundless is a global employer of record (EOR) platform that helps companies employ talent compliantly around the world, without setting up local entities. We handle payroll, taxes, benefits, and compliance with expert support and reliable tech.	Mercans is a one-stop solution to hire, pay, and manage international teams. As a global expansion enabler, Mercans helps companies to expand internationally across 160 countries and pay local employees in 103 currencies through more than 10 payment methods.	Neeyamo is a global payroll and employer of record (EOR) provider helping businesses hire and manage talent in more than 160 countries without local entities. Its tech-driven platform ensures compliant onboarding, localized HR support, and seamless global workforce management.	Our mission is to create a more equal world by making it possible for companies everywhere to hire people anywhere. We believe it should be easy for any company to hire anyone, no matter where they are located.
